CITY LIBRARIAN

March 9, 1971

Dear Library Friends:

You are invited to the initial meeting of the Friends of the Encino-Tarzana Library, on Wednesday, March 31, 1971; at 10:30 a.m., in the library at 18231 Ventura Boulevard. This opportunity for Charter Membership coincides with the Tenth Anniversary of the dedication of the Encino-Tarzana Branch of the Los Angeles Public Library. The West Valley Regional Librarian, Miss Loyce Pleasants, will speak briefly on the importance of friends of the library groups, thereby helping to insure a good beginning to a most worthwhile endeavor.

Some of the purposes of the Friends are "to rekindle the spirit of the original Los Angeles Library Association; to renew community concern for the library as a prime cultural and educational asset; to focus attention on the library as a force in meeting social and civic responsibilities to citizens in all walks of life;...and, in other ways to place the library in the position of eminence to which it is justly entitled."

Specifically, we are eager to help restore the sense of community, here, in our own section of Los Angeles, which is now a metropolis.

We hope you will come, because we need you!

Sincerely,

*Marie S. Brown*
